## Driver Education February 24- March 7, 2025

SGI and provincial school divisions offer the mandatory driver education program to high school students free of charge (one-time). By participating in this program you can have your learner's licence at age 15.

Driver Education will be offered to Avery Outreach Students starting **Feb 24 to Mar. 7, from 9:00 am-12:00 pm.**

The program has **30 hours of in-class** instruction and **6 hours of in-car** instruction. The Class 7 learners knowledge tests are administered as part of the program and completed during the in-class instruction.

**Alberta students are eligible to take this course if they currently have a learner's license.**

Saskatchewan students must have an SGI customer number to enroll in high school driver education. This can be done well in advance - the sooner the better!

A) Visit a motor license issuer to:

1. Get yourself a customer number
  - Bring documents proving your identity and entitlement to be in Canada, and contact information.  
**Note:** Section C of a Signature/Guarantor Form (pdf, 310 kb) can be used to verify a first-time driver's signature.
  - Once your identification is established, you will receive a Personal Identification Document containing your customer number.
  - Present your identification document to your high school driving instructor.  
**Note:** If you currently have an SGI non-driver photo ID, your customer number is indicated on the photo card.
2. Register a valid email address
  - It is required to write your driver exam online and to use MySGI.

B) Create your account online at: (<https://sgi.sk.ca/mysgi-registration-steps>)

\*\*\*If a student misses more than 3 hours of classroom training, they will be removed from driver education. The ministry will only fund students to take this program one time.

Regards,

Rob Merilees,  
Principal
